

## MANITOBA ASSOCIATION OF CARDIOLOGY TECHNOLOGIST PROVINCIAL EDUCATION COORDINATOR'S REPORT

ACTIVE MEMBERS 107  
INACTIVE MEMBER 1  
ASSOCIATE MEMBERS 8

I am very pleased to attend the Annual General Meeting today. It has been over four years since I became the Education Coordinator and although it has been a bit of a learning curve for me, it has also been a very rewarding experience. Even though this was a volunteer job it was a great opportunity and offered me a good learning experience.

It was a very busy year with it being the end of the triennium for CEUs. Most MACT members have submitted their 30 CEUs as our triennium came to an end. The start of the new triennium is 2017 - 2019.

The Annual General Meeting and Education Session were held on April 30<sup>th</sup>, 2016 at the Asper Centre, St. Boniface Hospital. We had three excellent speakers.

The last exam with the Justice Institute of British Columbia (JIBC) was held at St. Boniface Hospital in April 2016.

Four students from the Stenberg Hybrid Program attempted the re-write exam in April 2016

The Results:

- 1 Candidate successful.
- 3 Candidates unsuccessful

Congratulations to **Maribelle Piga**.

Sept. 2016 CSCT exam was taken over by Yardstick.

Six candidates attempted CSCT exam from Stenberg Hybrid Program.

The Results

- 5 Candidates were successful. One unsuccessful

On behalf of the MACT Inc. Board of Directors I would like to congratulate;

**Andrea Bartmanovich**  
**Kuldeep Singh**  
**Leanne Hutch**  
**Jelyn Dimaunahan**  
**Maria Valdez.**

In closing, I would like to take this opportunity to thank the MACT Board of directors. My term is over and someone else can take this responsibility. I would like to request Darlene Keith to take the responsibility of the MACT Education Coordinator's position from the Assistant Education Coordinator. I was honored to serve on the MACT board for the last four years.

I hope you all have a wonderful summer!

Respectfully submitted,

Parminder Singh RCT
